Professional training for Mariners

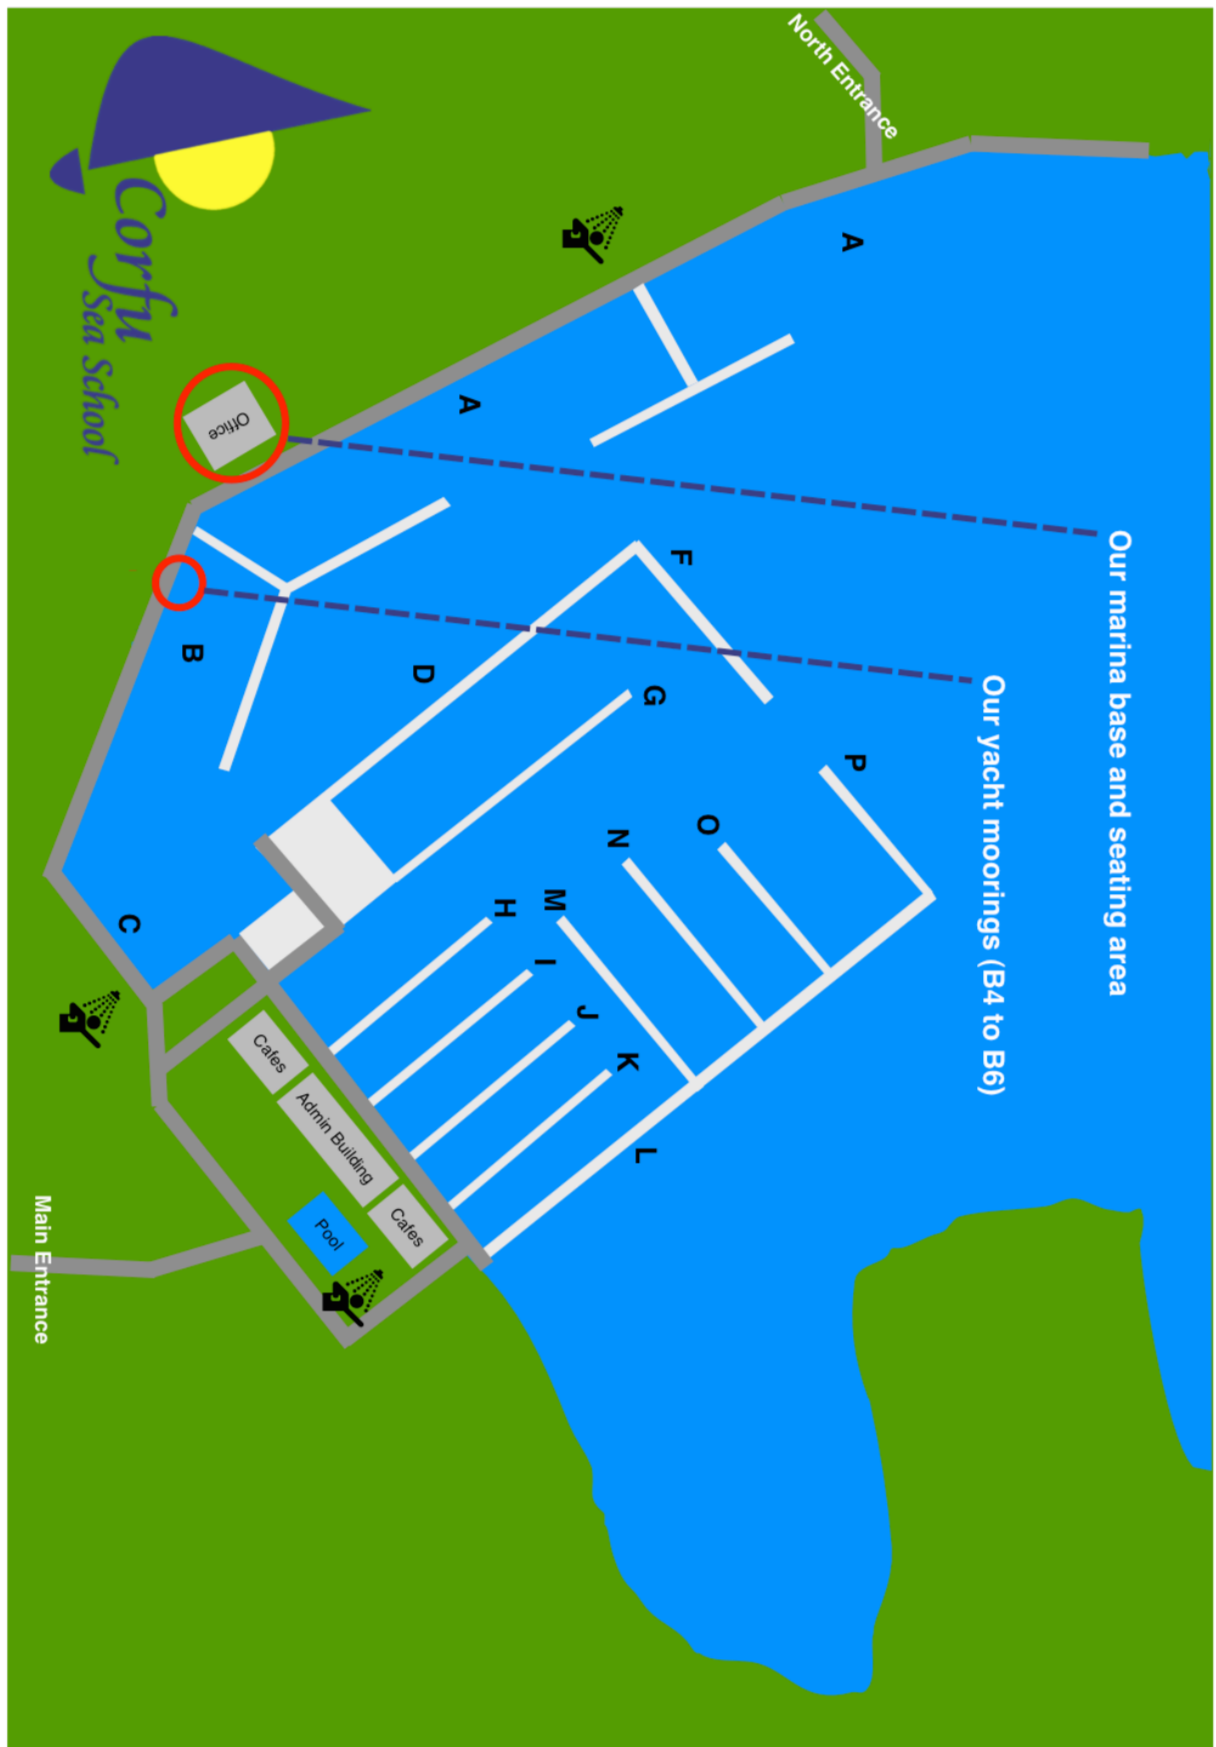

## How to find us....

Corfu Sea School is based in Gouvia Marina, Kontokali, Corfu, which is approx. 15 mins from Corfu Airport and 7 mins from the Ferry Port by taxi.

## Once you have arrived in Gouvia Marina....

Our office and outdoor seating area are on Pier A close to berth 100. Our yacht moorings are on Pier B (50 metres away) numbers B4 to B6.

### **Start times**

The majority of our Sail and Motor Cruising courses start at 0900hrs on Tuesdays. Unless you are informed otherwise you will be expected to arrive at our Gouvia Marina base by 0830hrs. If you have made arrangements with us to stay on your school yacht the night before your courses begins the meeting time will be 1800 hrs unless previously agreed.

### **Taxi transfer**

Ask to be taken to Gouvia Marina (fare: between 18-25 euros depending on time of day, amount of passengers/luggage etc.). On arrival at the marina ask the taxi driver to drop you off near berth B4. As you drive along the quay, look to your left and you will see a billboard with our logo and the RYA flag.

### **For guests with accommodation on the island**

Please call us on (0030) 694 555 6821 when you arrive in Corfu so that we can arrange a meeting time.

### **Travel Insurance**

We advise that you arrange for travel and medical insurance prior to traveling. Your travel agent will be able to help you with this.

### **What to bring**

Please pack your gear in a soft bag (they are easier to stow on the yacht). We will provide bedding, towels and waterproofs. You need to bring the following (please pack the minimum as space is limited aboard school yachts):

Passport Photo (for all clients taking Day Skipper, Coastal Skipper or Powerboat Courses)

Passport

Spending money

Soft soled shoes

Beach towel

Sunglasses

Swim wear

Jumper or fleece

Sun hat  
Toiletries  
Shorts  
Any medicines you require  
Any special dietary foods  
Sailing gloves (if you feel you need them)  
T-shirts  
Sun Block

### **Facilities in and around Gouvia Marina**

As a guest of Corfu Sea School you are welcome to use any of the marina facilities including the swimming pool, shower blocks, launderette, bars and restaurants. In Kontokali, the village behind the marina, you will find a number of restaurants, bars and shops. Personal electronics

Your school yacht has a CD/MP3 player and an input for portable MP3 players, so feel free to bring your favourite music with you. Please bring a cigarette lighter charge lead with you if you intend to use your mobile phone. However, we do ask that phones are switched off during tuition sessions. Most of the ports we stop at have internet cafes at which you can check your email. There are no facilities for electric shavers or 240 volt appliances onboard.

### **Meals & domestic duties**

The ingredients for breakfast and snack lunches will be provided onboard the yacht and are included in the course price. On each 5-day course, the ingredients for 2 evening meals will be provided and are included in the course price. Part of what we teach is how to live aboard and maintain a yacht. This involves taking your turn in the galley and undertaking routine maintenance and housekeeping duties. All students will be expected to participate. We will also eat ashore at local tavernas when you will pay for what you consume.

### **Personal safety**

The school yacht you will be using is safety coded by both the RYA/MCA (as a commercial sail training vessel) and the Hellenic authorities. It has all of the safety equipment necessary and is regularly surveyed. It is not necessary to bring your own personal safety equipment.

### **At the end of your course**

At the conclusion of your course your Instructor will carry out individual de-briefs with each student. These will identify any aspects of the syllabus that they feel you need to work on and help define the best way to progress your boating activities. Students are expected to help with the unloading and cleaning of the yacht at the end of their course. Certificates will be awarded in Corfu to all successful candidates with the exception of the externally examined Coastal Skipper and Yachtmaster courses that are issued by the RYA in the UK. This normally takes approx. 10 days.

***We look forward to welcoming you in Corfu!***
